

POP

YOUR
OPINION

Only a couple of weeks of school to go, and that's it for 1970. Makes you feel good, I bet. Pop Your Opinion will carry on through the holidays. Phil the Phantom and I will be popping questions on various beaches. So keep your questions coming in. You know how it works — just send in a sensible question and if we use it you'll win a pair of great Polaroid sun glasses. Janet Filmore sent in this week's question, and her sunnies are on the way. Phil and myself were accompanied by Keith Lamb of HUSH when we trotted out to Burwood Girls' High. Here are the answers. What would you have said? Oh yeah! The question was:

Which would you rather be, a pop star or a film star, and why?

Keith Lamb, Hush:

I'd prefer to be a pop star because you're more a part of your audience, and to be a film star would be much less intimate.
